

Sandeep Singh Nayal

Full Stack Developer

✉ sandeepnayal50@gmail.com 📞 9305787991 🌐 Portfolio 📱 LinkedIn 🔄 GitHub

👤 Summary

Full-stack developer with strong expertise in the MERN and Next.js ecosystems. Experienced in designing, developing, and deploying scalable applications with a focus on performance, clean architecture, and developer-friendly codebases. Skilled at integrating AI-driven features to enhance product functionality.

Education

Integral and Innovative Sustainable Education College, University of Lucknow Oct 2022 – Apr 2025
Bachelor of Computer Applications (BCA)

Skills

Languages: JavaScript, TypeScript, Python, Java, SQL

Front-End: React, Next.js, React Native, Expo, Redux Toolkit, TanStack Query, Zustand, Jest, RTL, Zod, Storybook, Tailwind CSS, ShadCN UI, Framer Motion, HTML, CSS

Back-End: Node.js, Express.js, AI SDK, Socket.IO, JWT, Firebase, Supabase

Databases: MongoDB, PostgreSQL, MySQL, Prisma ORM, Mongoose

Tools: Git, GitHub, Postman, VS Code, Vercel, Netlify

Experience

Full Stack Developer — Ageit Endorse Sep 2025 – Present

- Spearheading development of production-grade features across frontend and backend, improving platform stability and user experience.
- Collaborating with team members to deliver features that align with product goals.
- Implementing scalable solutions with MERN stack, ensuring maintainability and modular code for future growth.

Software Trainee — Ageit Endorse May 2025 – Aug 2025

- Built and maintained reusable React components, improving code reusability and reducing frontend bugs by 30%.
- Integrated REST APIs and optimized data fetching, leading to faster UI response times.
- Contributed to internal hackathons, prototyping innovative features that were later adopted into production.

Freelance Web Developer Feb 2025 – Apr 2025

- Delivered fully responsive websites for clients, improving engagement and user retention.
- Translated client requirements into functional UI/UX designs, ensuring 100% on-time delivery of projects.

Projects

DevWork — Freelance Platform for Developers (Next.js) Live Demo 🌐

- Designed and developed a full-stack freelance marketplace with job posting, search, and proposal submission features.
- Integrated AI-powered job filling, text enhancement improving user experience.
- Implemented secure OAuth authentication with role-based access control, improving system security.
- Optimized performance using a hybrid SSR/CSR approach with caching, cutting initial load times by 40%.
- Tech stack: Next.js, TypeScript, PostgreSQL, Prisma, Tailwind CSS, Vercel AI SDK.

Fundly — AI-Powered Finance App (MERN) Live Demo 🌐

- Built a finance management app to track expenses, manage budgets, and set goals.
- Integrated AI-driven insights and AI chatbot, helping users identify saving opportunities and reduce unnecessary spending.
- Improved app performance with React Query caching and optimized database queries.
- Tech stack: React, TypeScript, Tailwind CSS, PostgreSQL, Node.js.

Dropcart — E-commerce Platform (MERN) Live Demo 🌐

- Developed an end-to-end e-commerce app with product listings, search, filtering, and cart/order management.
- Implemented pagination and caching, enabling smooth browsing even with 500+ products.
- Delivered a scalable backend with Express.js and MongoDB, handling concurrent requests efficiently.
